Discover this architectural masterpiece that seamlessly blends contemporary design with nature. This 815 m² villa, set on a 4,139 m² plot, stands out for its fluid lines and passive design, featuring exposed concrete with high thermal inertia. Its entrance is a true spectacle, with a natural bamboo bridge over water leading to an impressive foyer, where a six meter tall ficus bonsai rises from a reflecting pond, illuminated by natural light streaming through a glass ceiling. Inspired by Frank Lloyd Wright and Mies van der Rohe, the villa appears to float over interconnected water elements, creating a serene and harmonious living experience. It offers five luxurious bedrooms, including a m...
