This new residential development in Benijófar offers a collection of modern homes designed for comfort and style. Bright interiors, well-planned layouts, and quality finishes create inviting spaces that feel both contemporary and warm. Each home provides a balanced distribution between living and resting areas, ensuring functionality without sacrificing aesthetics. The properties come equipped with essential features such as pre-installation for air conditioning, motorised aluminium blinds, bathroom furniture with mirrors and shower screens, as well as a dressing room and built-in wardrobes. These details enhance comfort while maintaining a modern and cohesive design throughout the home. ...
