Mediterranean estate for sale in Moraira, energy self-sufficient, with sea views, private pool, and a plot of 3,955 m², just 4 km from the center and its beaches. Built in 1935 and fully renovated, this house retains the character of traditional architecture of the Costa Blanca, with all the comforts of a modern home. It is situated on a flat south-facing plot, enjoying sunlight throughout the day and the privacy that only space can provide. Its installation of 36 solar panels with a battery makes it completely self-sufficient: clean energy, independence from the grid, and real savings in daily expenses. The property is distributed over two bright floors. The living-dining room opens to an ...
